Changing Lives in India

In the middle of the poverty and hardship of rural India, God is bringing hope to entire families and changing the lives of countless village children.

The **2009 India Team** leaves November 27th for a two week mission trip. Please **pray** for Cleveland Futch and Matt Lauterlein as they visit Vyara and Lasina to work with the staff, spend time with the kids, and share the gospel with the Hindu and tribal village families.

Pray Cleveland and Matt will also be changed forever as they serve God and His children.

Prathna and Sammy are among the 80 children and orphans who thank God for your gifts of love. Prathna wants to be a doctor. Sammy tells his family and friends about Jesus and receives His hope. Every child has a story about how God has changed their life. Each child has a message: *“Thank you.”*

*Cleveland hears
Jesus' call:*

*Let the little children
come to me and do not
hinder them, for the
kingdom of heaven
belongs to such as
these.*

Hosanna Ministry Rising

In central India near the small village of Lasina, STC and Hosanna Ministries operate **Ankoor Children's Home.**

Together, we are raising funds to build another boys' dormitory and classrooms, so more children can attend Hosanna Ministries School rather than a Hindu public school. Children four hours away live in this Home. Your contributions help provide food, clothing, housing, and medical care.

Sponsoring Teachers

Joseph Jallah

God sustained Joseph in difficult times. He fled Liberia to escape civil war into Guinea. He remained in exile from 1989-1992. He returned to his home in Lofa Country and sold most of his belongings for the opportunity to go to Living Water College.

Joseph teaches PE, Health, and Bible. He serves as a youth minister and wants to learn more about God. Joseph dreams about All God's Children providing vocational training. He hopes AGC will expand their curriculum to include a high school and junior college.

*You can provide
Mayee or Joseph's
entire salary for
only \$80 a month.*

Mayee was grateful her father lived to see her acceptance to college. All God's Children Schools helped to fund her education. She loves the role she plays in her students' lives and hopes "to be able to help mold the minds the right way."

She hopes that All God's Children Schools can find ways to sustain themselves financially from within Liberia and expand to other countries.
